

MGM Targets Steel Sponsor for FNH USA 3 Gun Championship

In news releases MGM Targets and FNH USA have jointly announced their partnering for the upcoming FNH Championship to be held in Glen Gary, West Virginia November 9-12, 2011. Travis Gibson, Vice President of MGM Targets, and Larry Houck, Match Director of the Championship are very pleased that this multi-year sponsorship agreement has been struck.

One of the fastest growing formats in the shooting world, 3 Gun requires participants to navigate courses of fire using a rifle, pistol and shotgun. The person who has mastered all of these skills and finishes with the quickest times is the winner.

Travis Gibson stated, "This is a natural partnering for us at MGM Targets. We manufacture targets for each of these disciplines and the features we offer in our targets make them challenging. We have been sponsoring 3 Gun matches across the United States and we are honored to be the steel sponsor for the finals."

Larry Houck also had this to add in regard to the MGM sponsorship. "MGM produces an excellent product that withstands the rigors of competition. We are delighted that MGM came on board as the official steel sponsor for our match. We look forward to working with them and showcasing their products to the competitors in the match."

The match will consist of 9 courses of fire with over 300 competitors taking part at the newly opened Peacemaker National Training Center in Glen Gary, WV. A huge prize table has been gathered for the match making this one of the most lucrative matches involving 3 Gun matches. The prize table was populated by names very familiar to shooters across the nation. Larry Houck wanted to mention that there are still some sponsorships available and he can be contacted at azone40@comcast.net for any interested parties.
