

MGM Targets Reveals 2012 Monthly Give-A-Way

Gift Certificates, rail systems, .22 uppers, Eye Pro, shooting mats, slings, data books, knives, suppressors are just a few of the prizes that MGM Targets will be giving away as they proudly introduced their 2012 Customer Appreciation Contest today in Caldwell, ID. This contest will be tied to their Monthly Specials that have proven to be such a successful program for MGM and their customers. Every month MGM Targets will take the list of customers who have bought that month's special and draw the winning names for a prize reward. A prize from each of the participating companies will be awarded so the chances of winning will be multiplied by the final number of companies participating.

MGM has contacted many of their industry colleagues whom happily choose to participate. Some of these partners who have declared their interest in this monthly drawing are Safariland www.baesystems.com, Seekins Precision www.seekinsprecision.com, Predator Tactical www.predatortactical.com, DPMS www.dpmsinc.com, ESS Eye Pro www.esseypro.com, FNH www.fnhusa.com, Benchmade www.benchmade.com and Primary Weapons www.primaryweapons.com, to name a few. There are others who wish to participate but the particulars have not been finalized.

Jim Potter, with MGM Targets, stressed, "This will be one of the biggest giveaways in the industry in 2012. There will be one prize from each company involved given away every single month. This is a great program that will reward our loyal customer base. Every month names will be drawn from the list of customers who have bought our monthly target special. Lots of prizes every single month through 2012."

More details will be released in January as MGM kicks off this exciting contest. MGM Targets will be at the Shot Show in booth number 20226 for those who wish more information. Announcements will also be made on the MGM website, www.mgmtargets.com and on their Facebook page, Mike Gibson Manufacturing or by calling MGM Targets direct at 208-454-0555.
